ESG funds are provided), as well as State, local, and private sources, provided that funds from the other source are not statutorily prohibited to be used as a match.

(2) The first \$100,000 of any assistance provided to a recipient that is a State is not required to be matched, but the benefit of the unmatched amount must be shared as provided in 42 U.S.C. 11375(c)(4). Matching funds must be provided after the date of the grant award to the grantee. Funds used to match a previous ESG grant may not be used to match a subsequent grant award under this part. A grantee may comply with this requirement by providing the matching funds itself, or through matching funds or voluntary efforts provided by any State recipient or non-profit recipient (as appropriate).

(3) It is the responsibility of the grantee to ensure that any funds used as matching funds are eligible under the laws governing the funds to be used as matching funds for a grant awarded under this program.

(b) *Calculating the matching amount.* In calculating the amount of matching funds, in accordance with 42 U.S.C. 11375(a)(3), the time contributed by volunteers shall be determined at the rate of \$5 per hour. For purposes of this paragraph, the grantee will determine the value of any donated material or building, or of any lease, using a method reasonably calculated to establish a fair market value.
